winner in a Florida home.*

the PATHWAY

Hundreds of little helpless lives and their whole future are entrusted into the hands of The Children's Home Society of Florida each year.

Every conceivable effort is made by the Society and its workers to see to it that the "pathway" that is selected for each little child will mean permanent love, care, education and an opportunity to know life as God intended. It is a grave responsibility, and only with His help do we dare assume it.

OUR NEW RECEIVING HOME, 1904 RIVERSIDE AVENUE, JACKSONVILLE, FLA.
NOT AN INSTITUTION IN ANY SENSE OF THE WORD, BUT A REAL HOME, IN
EVERY SENSE OF THE WORD. READ ABOUT IT ON THE NEXT PAGES.

A MOTHERLESS BOY'S LAMENT

It's the loneliest house you ever saw,
This big gray house where I stay—
I don't call it livin' at all, at all—
Since my mother went away,
Four long weeks ago, and it seems a year;
"Gone home," so the preacher said—
An' I ache in my breast with wantin' her,
An' my eyes are always red.

There are lots of women, it seems to me,
That wouldn't be missed so much—
Women whose boys are about grown up
An' cousins and aunts an' such.
I tell you the very lonesome thing,
In this great big world today,
Is a boy of ten, whose heart is broke,
'Cause his mother is gone away.

—Exchange

OUR CREED

Every baby has a right to live
Every baby has a right to a mother
Every baby has a right to a home
Every baby has a right to play
Every baby has a right to be happy

A FINE LITTLE BROTHER AND SISTER—PLACED TOGETHER IN ONE FINE HOME.

Report of the Superintendent For the Year 1922

*To the Officers, Directors, Ladies' Auxiliary, Contributors and
Friends of the Children's Home Society of Florida:*

Two Great Accomplishments

The saving of seventy-five thousand dollars and the securing of two fine brick residences immediately adjoining our very desirable property on Riverside Avenue in Jacksonville, are the two outstanding accomplishments of the past year, aside from the aid and care given to over fourteen hundred little homeless orphans and needy children, which of course is the real work of the year, for after all, the children are our first, last and greatest concern always.

How it Was Done

Because we feel that our many friends and contributors will be interested to know and have a right to know, we desire to set forth here as briefly as possible the hows and whys of our new Receiving Home plant, which is now a real credit to our great work, and to the entire State of Florida.

The Forsaken Little Ones.

Open the door for the children,
 Tenderly gather them in;
 In from the highways and hedges;
 In from the places of sin.
 Open your hearts for the small ones;
 Mercy is looking near you.
 Wise men once brought of their spices;
 You should, too, sweeten a few.
 Look at the smiles for a thank-you;
 Just now be looking to see
 If any are out while 'tis stormy,
 Make for them shelter all free.
 Some are so weak and so helpless,
 Some are so hungry and cold.
 Some are so wicked and thoughtless,
 But Christ calls them all to His fold.
—Selected.

For many years we have struggled along with the most meagre facilities at our Receiving Home, and have crowded our growing family of little needy children into quarters that finally became so congested that we were simply compelled to enlarge our capacity and provide better arrangements for our children.

After discussing the matter for years, our Directors practically decided that we would BUILD a new Receiving Home, one that would house our rapidly increasing family and that would be fireproof, sanitary and modern in every respect. A committee was appointed to have plans drawn up and estimates on the cost of the building secured. We found it would cost practically One Hundred and Twenty-five Thousand Dollars.

How We Saved the Money

We purchased these two homes, both beautiful residences with furnace heat and all modern equipment, and have furnished them both from top to bottom; have put in a new hot water system for all four buildings; have put in a modern up-to-date laundry; have filled in all our property, as some of it was very low; have planted a new lawn and added many other helpful facilities, and have paid for every building and improvement, for less than fifty thousand dollars, thereby saving the good people of Florida over seventy-five thousand dollars, and at the same time we have saved our Society from the biggest mistake we could have made: if we had built an *institution* instead of securing these comfortable, delightful and cozy *homes*.

Not only that, but if the day comes, as it no doubt will, when we shall be compelled to still further increase our capacity and secure or build additional buildings, we will have four beautiful residences on the finest street and in the most desirable residence section of Jacksonville which we can no doubt sell at a real profit at any time.

We feel that we have done a very wise thing all the way 'round and feel mighty good about it. Don't you?

Some one says, "Boys will be boys"; he forgot to add, "Boys will be men."

"Call not that man wretched, who whatever ills he suffers, has a child to love."—SOUTHEY.

"The smallest children are nearest to God as the smallest planets are nearest the sun."—RICHTER.

"Living jewels, dropped unstained from heaven."—POLLOK.

The best and most wonderful part of the whole affair is that we did not need to put on any campaign, and that we have paid for the property, equipment and improvements in full without asking the public for a single dollar. When the report of the Committee was received, we learned that we could not build a suitable Receiving Home and equip it as we had planned, for less than one hundred and twenty-five thousand dollars. In order to carry out this plan we would have been obliged to put on a campaign all over the State to secure the necessary funds at a time when business conditions were extremely unfavorable, and when every campaign put on for much smaller amounts had failed. It seemed wise, therefore, to put it off awhile, so we did.

A New Vision Came

What a wonderful thing it was that we did wait for we are certain now that even if we had put on the campaign and it had been a successful one we would have made a great mistake, for we would have had, after all, a fine *institution*, but it never could or would have been a *home*.

A wise and kindly Providence kept us from making a grievous error and at the same time suggested another plan, which we are sure was Heaven-born and that it is right.

On either side of our Receiving Home and Baby Cottage were two beautiful, well-built, brick residences, which we had passed by hundreds of times without the thought ever coming to us that these two *homes* would make ideal *homes* for our children, but finally the thought did come and when it did, it came so clearly and so forcibly that we knew it was just the thing for us to do.

We secured options on the two properties and after careful consideration, our Board of Directors and Ladies' Auxiliary voted unanimously to purchase them both—and we did.

Just to be tender, just to be true,
 Just to be glad, the white day through;
 Just to be merciful, just to be mild,
 Just to be trustful as a child;
 Just to be gentle, and kind, and sweet,
 Just to be helpful, with willing feet;
 Just to be cheery, when things go wrong.
 Just to drive sadness away with a song;
 Whether the hour is dark or bright.
 Just to be loyal to God, and right;
 Just to believe that God knows best,
 Just in His promise ever to rest;
 Just to let love be our daily key—
 This is God's will, for you and for me.

—Selected.

Where the \$50,000 Came From

For many years our Society has been setting aside all bequests and special funds that have come to us and these funds together with eight thousand dollars that was sent in by thousands of school children throughout the State, and a generous amount which was oversubscribed in our very successful campaign of 1918 (the only campaign our Society has ever put on) and which came to us largely in Liberty Bonds and War Savings Stamps, gave us a building fund of a little over fifty thousand dollars.

AN ATTRACTIVE SISTER AND TWO DANDY BROTHERS.

Among the special bequests that have been used in the purchase and equipment of our two new buildings, was one for two thousand dollars from the estate of Hiram Smith Williams of Rockledge, Florida; four thousand dollars from the estate of Mrs. R. A. Amsden of Manchester, Iowa; and one thousand dollars from the estate of the late Francis P. Conroy, for many years an officer and Director of our Society.

Loving words will cost but little,
Journeying up the hill of life;
But they make the meek and weary
Stronger, braver for the strife.

Do you count them only trifles,
What to earth are sun and rain;
Never was a kind word wasted,
Never was one said in vain.

By using these special bequests, and with the sale of the Liberty Bonds and War Savings Stamps which were sent in to us during the campaign of 1918, we have not found it necessary to ask the public for one dollar for our new homes, nor have we found it necessary to take one dollar from our general fund of last year, which was sent to us to be used exclusively for needy children. We are very deeply gratified and feel sure our friends will be.

Why We Hold to Our Present Location

There is one more statement which we feel perhaps should be made in connection with our Receiving Home property in Jacksonville, in order to answer a question which is often asked of us, as to why we do not sell our valuable Riverside Avenue property and go farther out where we could get perhaps several acres of land and give our children greater freedom.

There are several very good reasons: The first perhaps is that we cannot afford to consider even for a minute the placing of our home and our little helpless children beyond the protection of our fire and police departments; Second—We must be within easy and constant reach of physicians, specialists, hospitals, etc. All of these services are now rendered without any cost to our Society, which means a saving of thousands of dollars each year. If we were out in the country, these services simply could not be rendered free.

Another real reason is that our home must be within easy reach of the visitors, who come to select children for their homes, and also within easy reach of poor mothers, who are permitted to visit their children sometimes while in our home, and who could not afford to hire a taxi to drive to the country.

A very important reason for remaining just where we are is that there are literally thousands of people who drive past our home every day and from the standpoint of publicity this is an invaluable asset. These people see for themselves where we are and they see our happy youngsters on the playground and hundreds are moved to give to our support who other-

 I live for those that love me,
 For those that know me true,
 For the Heaven that shines above me,
 And waits my coming, too;
 For the cause that needs assistance,

For the wrongs that lack resist-
 ance,
 For the Future in the distance
 And the good that I can do.

—BANKS.

wise would not give at all. Thousands of dollars come to us because people do see our homes and because the appeal of the child is a personal one that cannot be turned aside. If we were out in the country, or off on some side street somewhere, we would lose thousands of dollars each year and we cannot afford to lose even one dollar.

ALL THREE HOMELESS KIDDIES PLACED TOGETHER IN ONE GOOD HOME.

There are many other real reasons, too numerous to mention, but this should be added: Since we do not pay any taxes, it does not cost us any more to stay where we are than to go out farther and in every way it is of inestimable value to us to be just where we are. Won't you trust the wisdom of our Board of Directors (who have given the matter their utmost consideration)?

Unless this country is made a good place for all of us to live in, it won't be a good place for any of us to live in.

—THEODORE ROOSEVELT.

To all who say you can do but little, I would say "Do only the little that you can—the greatest things have been done by the aid of the smallest."—BARONESS VON SUTTNER.

Let a man do his work; the fruit of it is the care of another than he.

—CARLYLE.

OUR NEW NURSERY COTTAGE, 2002 RIVERSIDE AVENUE, JACKSONVILLE, FLA. A BEAUTIFUL, COZY, COMFORTABLE HOME WHERE OUR LITTLE YOUNGSTERS FROM A YEAR AND A HALF UP TO FIVE YEARS ARE CARED FOR ON THE GROUND FLOOR, WHERE IN CASE OF FIRE THEY CAN RUN RIGHT OUT THEMSELVES.

"Whoso loves a child loves not himself but God; whoso delights a child labours with God in His workshop of the world of hearts; whoso helps a child brings the Kingdom of God; whoso saves a child from the fingers of evil sits in the seat with the builders of cities and the procurers of peace."—*Norman Duncan.*

You may grow to great riches and glory,
 You may toil for yourself through the day,
 You may write in your record and story
 The struggles you've met on the way.
 But vain is the fame that you boast of
 And wasted the years that you scan,
 Your strength you have not made the most of
 If you've rendered no service to man.

You Are Urged to Come and See Us Anytime

Our Receiving Home, Baby Cottage, School and Dormitory Buildings, Nursery Cottage, Play Pavilion, etc., are open for visitation and inspection, and our friends and contributors—everybody—are not only invited, but urged to come out and see what we are really doing. Our best and most enthusiastic friends are those who know all about us and our great work.

Other Accomplishments of the Past Year

The past year (1922) our twentieth year of service to Florida's little orphan, homeless, and needy children, has been unquestionably the most remarkable, satisfactory, progressive and encouraging year in all our history.

We have cared for the largest number of children, and have cared for them in a better way than ever before. We are constantly raising the standards of our service in every department. We have secured more funds than in any previous year and have used these funds to a greater advantage and a more lasting service than ever before.

We have closed the year's work free from any debt or deficit in spite of the fact that our expenses exceeded our income for five of the twelve months, and at one time our deficit of expenses over income amounted to over six thousand dollars. We have added over four thousand new contributors to our list of contributing friends, a fact which in itself has brought to us a world of encouragement.

We have at last secured, equipped and paid for two new buildings which gives us a fine Receiving Home Plant and Cottages, possibly the coziest and most comfortable in all our land.

We have accomplished all this in a year when business conditions everywhere in Florida have been most unsatisfactory, and in a year when practically every other charitable and social agency or institution in Florida have failed in their effort to secure the needed funds for their work, and in a year when thousands of our farmers, stock growers, and others have lost heavily through storms, rains, droughts, low prices, etc.

There must be, and there are, some real reasons for our success. First of all, we know that our work is God's own work. It is being done in His name, in the Christ Spirit, and for the sake of His little children. His blessings have been upon us.

Second—The people of Florida have an increasing confidence in our Society and an increasing approval of our method of placing little homeless children in carefully selected family homes.

Third—We have put our very lives into our jobs, and our services have been blessed and prospered.

Fourth—Our funds have been carefully and wisely used in the direct care and aid of little children in need and distress; our accounts have been carefully audited and approved and the best business men in Florida have directed our affairs.

Fifth—The appeal of the child is the greatest appeal in all the world. The hope of the nation and the entire world is in its children.

Sixth—We honestly and truly have delivered the goods and last, but not least, we have had the most wonderful support of the newspapers of the entire State and as the public has learned of our thoroughly worth while service through the press, the people, the schools, the lodges, the woman's clubs, and other sources, and through our own attractive literature and appeals, their hearts have been moved to give where they knew their funds would perform a lasting good.

Our Gratitude is Unbounded

How we wish we could in some small degree at least, express the real and abiding gratitude that is in our hearts. Words fail us utterly, for there are no words that can at all adequately express the appreciation that our Society, its officers, its directors, its ladies' auxiliary, its workers in the field the homes, and office, and that our little orphan and neglected children, feel in our hearts, minds and souls.

We extend our heartiest thanks to all who have in every or any way, aided us in our past year's work. No matter how little of money or time or effort or what articles or provisions you may have given to us, we appreciate it keenly, we surely do, and we shall endeavor to live our appreciation, in each day of service through the years to come.

We only regret that we cannot make mention of each individual contributing of time, money or other articles, and we would love to do it, but this report is so large as it is that we simply cannot, but we have made a careful record in our books and in our hearts and we thank you each and all, old and young, rich and poor.

Now What About the 1421 Children of 1922?

After all, no matter how much money we might have received, or how much confidence has been shown in our work, or how much effort we have put into it, our work and the service of the past year would not mean much to anybody if it had not been a real and worth-while service to the little children that were referred to us for our care. We shall try

“And Jesus called a little child unto Him, and sat him in the midst of them and said: ‘Verily I say unto you, except ye be converted, and become as little children, ye shall not enter into the kingdom of heaven.

“Whosoever, therefore, shall humble himself as this little child, the same is greatest in the kingdom of heaven.

“And whosoever shall receive one such little child in my name receiveth me.”

to tell you briefly, and as best as we can in figures and statements, just what our record of service has been to these 1421 little children during the past year. No figures can tell the stories of suffering, distress and need, but we will do our best to give you some small idea of our work.

Record of Service to Children in 1922

New children reported for first time during 1922—West Florida Branch..	153
New children reported for aid during 1922—State Headquarters Office...	852

Children under supervision in family homes - (legal wards).....	250
Children continued in special schools and institutions.....	35
Total children given aid, care and attention during 1922.....	1421

Of the 1006 new children coming under the care and attention of the Society during 1922, 124 were referred to the Society in January; 68 in February; 101 in March; 82 in April; 67 in May; 90 in June; 75 in July; 79 in August; 73 in September; 69 in October; 111 in November and 67 in December. Total 1006.

148 were babies under two years of age; 252 were from three to six years; 296 from seven to ten years; 161 from ten to fourteen years; 72 from fourteen to eighteen years and 41 were adults referred by out of State agencies and 36 whose ages were not given. Total 1006.

507 were boys, 499 were girls; 43 were children born out of wedlock.

533 of the children were referred to the Society by Juvenile and County Courts, out of State social and child welfare agencies, associated charities and other local and State agencies—while 473 were reported to the Society by individuals.

8 were crippled children; 4 Italian, 2 Russian, 2 Polish, 2 German, 3 Chinese, 35 colored, (these being reported by other states for special investigation).

The 1006 children were referred to the Society from 143 cities and towns in every portion of Florida, and from 22 other states and three other countries—Cuba, Canada and Germany—and three from the Bahama Islands.

131 of the legal wards were placed in carefully selected family homes for permanent care, 30 of these being placed with relatives, 21 children of former years being re-placed in good homes for the second time, 7 the third time, 2 the fourth time, 1 the fifth time.

89 were referred to family boarding homes, 65 were placed in selected family boarding homes, 34 were referred to special training schools, 23 were sent to special training and industrial schools, 183 were referred to relief agencies, Juvenile Courts, etc., for material relief and special court action, 163 were referred to other social agencies in and out of the State, 90 were given temporary care in our Receiving Homes, 179 were given special material relief, legal aid, financial loans, etc., 12 were referred to maternity and rescue homes, 10 were sent to special hospitals, 9 were secured employment, 2 were rescued from abuse, and 2 died in infancy; 35 were aided in other ways not recorded above. Total 1006.

24 groups of four children each were reported from 24 different families

15	"	"	five	"	"	"	"	"	15	"	"
5	"	"	six	"	"	"	"	"	6	"	"
5	"	"	seven	"	"	"	"	"	5	"	"
1	"	"	nine	"	"	"	"	"	1	"	"
1	"	"	ten	"	"	"	"	"	1	"	"

4 were wee babies 1 day old and 2 were reported for aid before birth. Death of parents was the cause of 210 of the 1006 new children being referred to the Society last year; separation of parents was the second largest contributing factor, with 132; immorality third with 99; neglect of parents next with 97; illness also brought 97; desertion of parents 96; delinquency of children 34; crime of parents 29; cruelty of parents 20; feeble-mindedness 15; insanity 20; all other causes 157. Total 1006.

Of the total 1421 children given aid, care and attention in 1922 the following remained under the care and supervision of the Society to begin our work of 1923: In the Jacksonville Receiving Homes 55, Pensacola Home 26, in family boarding homes 42, in special schools and institutions 35, under supervision in family homes as legal wards of Society 219, or a total of 377 children.

In the economy of God, no effort, however small, put forth for the right cause, fails of its effect. —WHITTIER.

THREE DAYS OLD—ABANDONED TO DIE—NOW IN A FINE HOME.

The Year's Greatest Loss

In the death of Mr. L. Hilton Green of Pensacola, our Society suffered a very great loss, the greatest loss of the year, for Mr. Green was not only a member of our Board of Directors of our general work, and a member and officer and former President of our great West Florida Branch at Pensacola, but he was a genuine friend, and real friends are so very few that it means a real loss when one is taken.

Mr. Green was a generous contributor to our work through many years and one who has ever believed in our Society and its methods of child placing. Mr. Green was largely responsible for our West Florida Branch, for it was chiefly through his persistent efforts and his great confidence in our Society that we were invited to take over the work of the former Pearl Egan Home as our West Florida Receiving Home.

We shall continue to miss him—his wonderful friendship, his words of advice and encouragement, his friendly and constructive criticism, his real support. He was a rare soul—and even Heaven will be a finer place because of his coming there.

We Made No Mistake

We have tried out the family boarding home plan for the care of children of widowed mothers, widowers and other temporary care cases for over a year and a half now, and are glad to report that we made no mistake in closing our former boarding home institution, which we conducted for three years.

We have found the private home plan a much more satisfactory and economical one, and it has the wonderful factor of elasticity. We can care for as many or as few children as necessary and only pay for the board when we have children to pay for. The home is the thing for temporary care and boarding cases as well as for our legal wards, there is no question about it.

Outstanding Days for Our Children

Washington's Birthday, Valentine's Day, Hallowe'en, and even the Fourth of July, Thanksgiving, Easter, Christmas and New Year, seem to have lost much of their meaning to the adult of today—but I tell you they are still full of meaning to the children of our land, especially to our little homeless and orphan youngsters, for our Society makes a point of it to feature these days in the lives of our children and the past year has been no exception, unless it be for the fact that we have had more children to provide for than ever before and consequently have had bigger days, fuller of joy, for in our case "The More the Merrier" is a reality.

We Have a Double Privilege of Serving in Placing Homeless Children in Childless Homes

These little snap shots simply illustrate the fact that while we perform a great and wonderful service for every homeless child that we place in a good family home, we also render a very great service to the childless home, for after all, there is a happiness that comes into a home through a little child that simply cannot come from any other source. We feel, therefore, that we have a very great and double privilege of service, for as we bless the homeless child we also bring a great blessing to the childless home.

The pictures show some of our foster parents happy with our homeless children. What our children have done for these homes other children can do for *yours*.

The pictures below illustrate some of the happy occasions that are provided for the little youngsters that come into our Receiving Homes. Parties, picnics, movies, etc., are frequently given to or for our children, and serve as a fine means of discipline, for only the

good children, or those making an effort to be good, can go to the movies, the parks, etc.

We celebrate every holiday that comes along with some kind of a party at the home and in most instances it is the first real party that our children have ever had, for our family changes so rapidly that unless the holidays come pretty close together it is a new lot of children that enjoys them. We are very grateful to our movie friends and others who are thoughtful of our children and who give them these "times of their lives." You would be surprised to see what a happy bunch our family really is.

We cannot go into the details of all these special days, nor the moving picture parties so generously arranged for by our good theatre friends and others, but we do want our friends to know that these have all been great days in our homes and that we are very, very grateful for all the special stunts that have been done for these children, most of whom have come to their first real knowledge of these days and their joy and meaning, through our Society and its workers. We hope our good friends will continue to keep us in mind.

We Just Must Mention Thanksgiving and Christmas

Never before have we been so bountifully provided for our Thanksgiving and Christmas as this past year. Really it was just wonderful and we only regret that all of our good friends could not have been at the homes in Jacksonville and Pensacola to see for themselves how wonderfully we were blessed and, too, that we cannot mention every gift and giver on the list. We hardly dare to mention any particular contributions or kindness for fear that we may offend some who might feel that they should be given special mention too, but we must mention the wonderful Jack Horner boxes sent by our good friend Mrs. W. W. Cummer at Thanksgiving time, and the perfectly wonderful contributions of money, clothes, provisions and canned goods, chicken, etc., sent in by the school children of the State, and the Santa Claus gifts of Mr. and Mrs. O. M. Drebert and friends of Miami, and the Kiwanis Club members of West Palm Beach at Christmas time and the big dinner at Fort Barancas for our West Florida children.

Kiwanis Day at the State Fair

We also must make special mention of Kiwanis Day at the State Fair, for this annual event is looked forward to by our children and some of our adults, too, as one of the biggest occasions of the year. We usually have to provide an extra supply of castor oil that night and expect our school attendance to fall off some the next day, but it is worth while, for no other one day brings more real joy to our kiddies.

Some Special Bequests and Contributions

One of the most encouraging and wonderful contributions that has ever come to our Society was the gift of four thousand dollars that was sent to us by Mrs. Harriet A. Sammons and Mrs. Cary A. Stanger of Manchester, Iowa, in memory of Mrs. R. A. Amsden of Manchester, Iowa, who had left a bequest of five thousand dollars in her will to be used for children.

Mrs. Sammons, after making a personal visit to our office and to our Receiving Homes and Baby Cottage, and making inquiries here and there as she visited in Florida, decided that there was no other place where Mrs. R. A. Amsden's funds would perform a more lasting or worth-while service, than through our Society and promptly sent us the check for four thousand dollars to be used as we saw fit in our work. We took the liberty of adding this sum to

A PERMANENT MEMORIAL

This page will be set aside regularly each year as a permanent memorial to the kind friends who have left bequests or special funds to the Children's Home Society of Florida. Each year the list will be reprinted in full, adding such new names as may be our privilege.

We earnestly hope that all of our good friends will follow the example of the good friends whose names are published herewith, for the only limit to the good we can do is the money to do with.

There surely is no place on earth where your money could possibly render a greater or a more lasting service.

Following is a list of the good friends who, through past years, have left bequests to our Society. We love to honor their memory.

1913	Hon. E. O. Painter, Jacksonville, former director of Children's Home Society.....	\$1,000.00	Paid

our building fund and later used it in the purchase of our new Receiving Home at 1904 Riverside Avenue in Jacksonville.

We are glad for the money and are proud to have this very unusual endorsement of our good work, and have placed a brass plate in our new Receiving Home as a permanent appreciation of this rare gift.

Another very deeply appreciated contribution was the payment by his daughter, Miss Myra G. Williams, of the bequest of two thousand dollars left by her beloved father, Hiram Smith Williams, of Rockledge, Florida, to our Society in his will. We added this very generous amount to our Building Fund and later used it in the building of an addition to one of our new homes, the nursery cottage, to provide rooms for our nurse and additional space for our children, additional sanitary facilities, etc., and have placed a brass plate in the nursery cottage as a token of appreciation of Mr. Williams and his bequest to our work.

Through the generous spirit of Mrs. Francis P. Conroy we were permitted to use the one thousand dollars (bequeathed to our Society in the will of her beloved husband, Mr. Francis P. Conroy) to furnish the entire lower floor of our new Receiving Home including reception hall, reception parlor, dining rooms, kitchen, etc.

Mr. Conroy was a much loved member of our Board of Directors for many years prior to his death and a brass plate has been placed in the reception parlor of the new home to remind others of his generous spirit.

We were honored, too, this past year, in the will of the late Hon. W. A. Drake, of Jacksonville, who bequeathed \$200.00 to the Society which was paid promptly by his executors and placed to the credit of our Building Fund.

We were remembered too in the will of the late Mrs. Louise G. Hoover of South Jacksonville to the extent of \$500.00, which amount will be paid us soon by the executor.

Our treasury was further enriched by the sale of small property left to us last year in the will of the late James D. Smith of Arlington, our portion of the amount being \$350.00 which was added to the Building Fund.

One hundred dollars has been paid us by the executor of the will of the late Mrs. Missouri Henson of Daytona, Florida, and an additional amount is promised us shortly.

In the matter of the will of the late Mrs. Elizabeth D. Maxwell, of Kissimmee, Florida, the matter is still in the hands of the Court, but we hope for a favorable decision promptly. In this case our Society would have received over \$20,000.00 if Mrs. Maxwell or her attorney had only used the proper name of our Society. We do hope our good friends will be careful in such important matters.

Our Society is one of several charitable agencies that were made beneficiaries in the will of the late Charles D. Mills of Jacksonville, one of our most devoted friends and generous contributors. We do not know what the exact

Oh, You Beautiful Girls

499 girls—some with curls—were part of our flock last year. These girls are among the scores of girls who came to us homeless and helpless last year who are now in some of the best family homes in all of Florida with love and care and a chance to make good.

These girls are now at our Receiving Home and are eagerly awaiting the day when you, or some other big-hearted mother and father, will come in to offer them a good home and care. We have many others whose pictures are not shown just as anxious as these girls for a fair chance in life. Won't you take a nice pair of girls into your home? Please.

A TYPICAL BUNCH OF GIRLS AT OUR RECEIVING HOMES

amount will be, but we are honored in being remembered in the will of this highly esteemed citizen and Christian gentleman.

We look for an early adjustment of the estates of Mrs. Melissa J. Gage, of Miami, and Mr. S. P. Tilley, of Clearwater, both of whom remembered our Society in their wills, but left their affairs in such condition that the aid of the courts has been necessary to effect a settlement. We look for an early settlement, too, of the estate of the late James N. Stephens, of Zephyrhills, Florida, who left our Society an amount in his will this past year.

We must make special mention, too, of some of the larger contributions from some of our living friends. Mr. Frederick Rand, Jr., of Miami, was our largest individual contributor this past year, sending us \$600.00, an increase of \$100.00 over the year previous. The County Commissioners of Polk County and of Escambia County still send us \$600.00 annually as voluntary contributors, and the city of Pensacola gives \$360.00 annually to our West Florida Branch. Mr. and Mrs. Arthur G. Cummer and Mrs. W. W. Cummer gave us two four hundred dollar contributions the past year, and the Jacksonville Clearing House Association sent us \$400.00 from the banks of Jacksonville.

Contributions Other Than Cash

The Dorsey Baking Company, The American Bakeries Company and the Florida Ice and Coal Company are amongst our daily and constant benefactors, for we have all our bread and ice donated daily by these three firms, who thus show their approval of our great work.

Ford's Studio still continues to make photos of all our legal wards at cost as their contribution to our cause, and it is no small contribution. John A. Cunningham has saved us hundreds of dollars the past year in supplying our furnishings—furniture, rugs, etc., for our new homes without profit and has been an unusually good friend in every way.

The Seaboard Air Line R. R. Co., The Atlantic Coast Line, The Southern R. R., The Georgia, Florida and Southern, The Florida East Coast, The Live Oak, Gulf and Perry R. R., The Charlotte Harbor & Northern R. R., The L. & N. R. R., The Tampa and West Coast R. R., all have been very generous to us in providing transportation and special rates to our Field Workers, a contribution which, if all counted together, would amount to many hundreds, if not thousands of dollars.

The newspapers all over the State have helped us more than we or they can ever know by their loyal support, their news stories, free advertising, etc. Without the newspapers our great work certainly could never have attained its present popularity and State-wide support. We thank them with all our hearts.

Then there is a whole company of good friends here and there all through the State in practically every city, town and hamlet, who have sent in donations of children's clothes, toys, provisions, canned goods, preserves, meats,

chickens, and innumerable articles that have meant the saving of thousands of dollars to us, and we owe them a tremendous debt of gratitude. We would like so much to publish the long list of these good friends and the articles sent in, but we just cannot do it, for it takes scores of pages to publish the contributors of money alone, but we have a complete record of all these friends and the donations each has sent, and our hearts are filled with thankfulness for every garment, every article, everything that was sent in and we hope all our good friends will continue to remember us for we have a constantly increasing family and can use an endless supply.

We have had some perfectly wonderful contributions of new garments from several branches of The Needlework Guild of America in Florida that have warmed our hearts and warmed our children's bodies. And we have had some mighty fine friends who have come to our Homes in Jacksonville and Pensacola to mend and sew for us and we surely do appreciate their help and interest.

We appreciate all rebates, discounts and refunds of every kind from good merchants and dealers, for every dollar we save means a dollar's worth of real service rendered for some needy child.

Dental Services Rendered Without Cost

Sometimes we feel that if we did nothing else for the children who come under our care than to have their teeth attended to, our work would be worth all that we spend in our whole budget, for we have come to know something of the real importance of the care of the teeth and every child that comes under our care has its teeth carefully examined and treated. The following dentists render this great service free to our children and we publicly thank them for their great help:

Dr. Ronald E. O'Hara, Dr. H. B. Pattishall, Dr. E. H. Pound, Dr. Guy Smith, Dr. Jesse L. Williams, Dr. W. H. Coe, Dr. J. J. Todd, Dr. I. W. Bull, Dr. Mace Bean, also Dr. J. H. Tiller of Pensacola.

A WEE, HELPLESS BABY—DEATH ROBBED HER OF HOME AND PARENTS.

We Have the Services of a Wonderful Staff of Physicians, Surgeons and Specialists

Year by year, as our family of children to be cared for increases, we are more deeply indebted to the physicians, surgeons and specialists who render their invaluable services without any charge to our little ones when they need their care.

Among the eminent professional men who have helped to provide for the special needs of our little ones along these lines during the past year are the following:

Doctors James D. Love, M. B. Herlong, J. K. Norwood, T. B. Croft, C. R. Wilcox, E. B. Milam, J. Kirby Smith, N. P. Heggie, H. Marshall Taylor, J. H. Randolph, Ralph N. Greene, Thomas Thompson, J. Knox Simpson, L. W. Cunningham, Edwin Jelks, R. H. McGinnis, W. S. Manning, Shaler Richardson, E. T. Sellars, W. W. Shaw, H. H. Harris, T. S. Fields, Paul Davis. It is no small thing to have the services of such a group of the finest men in their profession, and we are very deeply grateful for their services to our little ones in need.

The following physicians and specialists compose the official staff as elected by the directors of our Society in January, 1923:

Dr. James D. Love, physician in charge; Dr. M. B. Herlong, Dr. J. K. Norwood, Dr. N. P. Heggie, Dr. H. Marshall Taylor, Dr. J. H. Randolph, Dr. Thomas Thompson, Dr. J. Knox Simpson, Dr. E. N. Jelks, Dr. Ralph N. Greene, Dr. L. W. Cunningham, Dr. Ernest B. Milam and Dr. Shaler Richardson.

West Florida Staff of Physicians and Specialists Who Render Service to the Children's Home Society Without Charge

Dr. W. C. Dewberry, general practitioner; Dr. Clarence Hutchinson, orthopedic specialist; Dr. M. E. Quina, eye, ear, nose and throat; Dr. J. H. Fellows, baby specialist; Drs. J. S. and Nanne Baughman, osteopaths.

St. Luke's Hospital a Tremendous Help

We can never say enough in appreciation for all that the St. Luke's Hospital in Jacksonville does for our Society and its children. We simply could not get along without St. Luke's. We only wish our citizens could know, as we do, of the wonderful service that St. Luke's is rendering to the poor and needy sick every day in the year. If the people knew there would never be any need for an appeal for funds for St. Luke's. We thank its officials, its staff, its nurses, for their invaluable help in our work.

Following is a partial list of the services rendered to some of our little ones through St. Luke's Hospital during the past year: Eye and ear operations and treatments, 29; operations for removal of tonsils and adenoids, 32; operations for trachoma, 5; orthopedic operations, 2; children cared for in isolation departments for blood and skin diseases, 12. Total, 80 children cared for through St. Luke's.

Boys! Boys! Boys!

507 boys were among our big family of youngsters last year. The boys whose faces you see in this picture are all at our Receiving Home in Jacksonville right now and there are many others of all ages in singles, pairs, triples and quartettes that are earnestly praying for good homes right now. Won't you open up your home to some of these fine little chaps?

OUR WEST FLORIDA RECEIVING HOME AT PENSACOLA, A BIG ROOMY COMFORTABLE HOME. 154 LITTLE WEST FLORIDA YOUNGSTERS WERE CARED FOR THROUGH OUR WEST FLORIDA BRANCH LAST YEAR.

Our West Florida Branch

We are very glad to report that our West Florida Branch at Pensacola, which serves the little children in need from that section of our State, is doing a really worth-while job, and that the good people of West Florida are supporting the work in a most generous way. 154 little West Florida children, homeless, neglected, in distress and want, have received the aid, care and attention of the West Florida Branch this past year and practically ten thousand dollars has been sent in by the good people of West Florida to keep up this department of our work.

Miss Emma L. March, one of our field workers, has had charge of this branch during the past year and has put her soul into the work and rendered a real service. This year Miss March will cover another section of the State for us, while Miss Myrtle E. Wright, one of our best loved and most efficient workers, will cover the territory from Jacksonville to Pensacola and West Florida for us.

The Officers, Directors and Ladies' Auxiliary of the West Florida Branch have gladly given of their time, effort and means in the carrying on of this important work and have personally directed our work in that section.

Since September first the West Florida work has had more personal supervision from our State Headquarters Office, as it was found not necessary to have a full time worker and office in Pensacola. We are especially indebted to our West Florida Directors and Ladies' Auxiliary, for since September first they have given an endless lot of time and effort investigating cases for us, looking after the West Florida Receiving Home, etc. We appreciate all that the many good friends in West Florida have done for our children, our work-

ers, and our work, and extend our sincere thanks for every help of every kind. Since the West Florida office has been discontinued we have imposed additional duties and responsibilities on our good matron, Mrs. J. E. Holloman in charge of our West Florida Receiving Home and feel fortunate in having so capable a person in this position.

Following is a list of our West Florida Officers, Directors and Ladies' Auxiliary:

Officers and Directors of West Florida Branch

Santa Claus Clubs and C. E. Societies Raise \$1,592.23 for Us in 1922

We are mighty proud of the perfectly wonderful support that we have received from the Young People's Societies of Christian Endeavor in Florida during the past year, the amount being the largest we have ever received in the twenty years that the Endeavorers of Florida have been interested and helping in our work.

Most of the money came to us through the Santa Claus Clubs, which in practically every instance, were organized through the efforts of Christian Endeavor members in the different communities.

We are especially grateful to State President Karl Lehman and his good wife, who have boosted the Santa Claus plan among Christian Endeavor Societies of the State so persistently, to Duncan B. Curry, Chairman of the all South Christian Endeavor Extension Committee, who has been one of our most wonderful boosters for years, and to George Blakely and the other Christian Endeavor folks of Palmetto, who organized the Santa Claus Club there which won the silver loving cup with a contribution of \$508.50, the largest contribution of its kind we have ever received. We are also mighty proud of Mrs. Grant Cowles and the Endeavorers of Mount Dora, who, with the Santa Claus Club plan, won the silver trophy for the second largest amount, this fund reaching \$186.19.

Of course we are deeply grateful to every Endeavorer and to every Christian Endeavor Society everywhere, regardless of the amount of their contribution, especially of some of the Junior Societies that could show some of the Adult Societies how to do things.

The Endeavorers of the State will no doubt be interested to learn that the Christian Endeavor Recreation Pavilion which the Endeavorers of the State

A LITTLE HOMELESS FLORIDA CRACKER NOW IN A PERFECTLY WONDERFUL HOME.

built for our Society at our former children's boarding home, has been rented for a period of five years at \$300.00 per year, a pretty good return on an investment of \$1500.00, isn't it? It is a fine Christian Endeavor endowment fund.

The School Children of Florida Sent in \$6,197.20 in 1922

We had a deficit of over \$6,000.00 on November first between our receipts and disbursements for the previous months. It looked as if we would have to close the year's work in debt, but the school children of the State came to our rescue, the total receipts from the schools of the State being \$6,197.20. Isn't that simply great?

We surely are proud of the support we receive from the school kiddies of the state and we want to assure each child and each teacher of our very genuine appreciation, no matter how small was the amount sent in to us. We believe that the children and teachers who gave this money were blessed in the giving as we were in receiving it. We would like very much to print the full list of school contributions in a separate list here but space forbids. However, if you want to see if your school sent in a contribution and how much, turn back to the list of contributors in the rear of this report. If your school did not give last year, talk to your teachers about it and see if you cannot get up a school offering for us now.

Many of the schools also sent in wonderful boxes, barrels and packages of clothing, provisions, preserves, canned goods, etc., which were deeply appreciated, too. We can always use anything that children can eat, wear or enjoy.

Women's Clubs of the State Gave \$1,893.55

We are delighted with the fine support, financial and otherwise, that we have received from the Women's Clubs and Organizations of the State during the past year. Our work surely should appeal to the women of the State, for any worth-while work for children is sure to have a place in the hearts of women. We are proud to have the support of Miss Elizabeth Skinner, the much loved president of the State Federation of Women's Clubs, and appreciate, too, the publicity the Federation is giving to some of our suggestions for social legislation which we hope to pass at the coming session of the legislature.

The Lodges and Orders of the State Sent Us \$2,247.97

The fraternal, brotherly and charitable spirit of the different lodges and orders in our State is clearly shown in the long list of lodges and fraternal orders that have sent in contributions to assist us in our great work this past year. We cannot give space to the publication of these lists, but we can say a great big thank you to each and every lodge and order that has remembered us and helped in the continuance of our necessary work. Suppose you turn to the list of contributors and see what your lodge did for us and if it did nothing at all, ask for an offering at your next meeting, won't you please?

Churches, Sunday Schools and Church Societies Sent Us \$3,442.08

Practically every denomination, creed and belief is represented in our lengthy list of church, Sunday School and Church Society contributions of the past year and it makes us feel very proud to have the genuine interest and help of the good Christian people of our State. It is true that there are some people and ministers who will not support any undenominational organization, but there are thousands of broad-minded people in all denominations, who realize that their hearts should go out to every little helpless child, regardless of its creed or church affiliation.

Some of our church friends overlook the fact that we care for scores of children of Baptist, Methodist, Presbyterian, and other families, perhaps more than the church orphanage or institution may do, and that therefore we should properly receive some support from people and churches of every denomination.

We may not have the support of your Church or Sunday School as yet—turn to the back of the book and see—and if not listed, won't you see that it will be there next year?

WHEN PA WAS MY AGE

BY S. E. KEYSER

When pa was my age he was glad
To do just as they told him;
He never made his parents sad,
They never had to scold him;
He never, never disobeyed,
Nor punched his little brother,
And day and night he always made
Things pleasant for his mother.

When pa was my age he would clean
His shoes when they were muddy;
He never thought his folks were mean
Because they made him study;
He always tried his best to be
For goodness celebrated,
And he was praised by all—but, gee!
How pa's degenerated!

JUST ONE OF SCORES OF TINY LITTLE HOMELESS BABIES OF 1922.

Nearly a Thousand Dollars is Secured Through Rotary Clubs and Others to Provide Hospital Care, Education and Training for Poor Little Elizabeth, Who is Paralyzed From Her Hips on Down

Showing curvature
of spine

The Children's Home Society of Florida does not have any facilities for the care of crippled or afflicted children. We do not pretend to do this work, but there are times when all rules and policies have to be cast aside and where we feel it our bounden duty to do what we can. This is just what we have done in the case of little Elizabeth. Some weeks ago our attention was called to a family of six children, who had been abandoned by their

Elizabeth dressed up

father over a year before, and whose mother had become wayward and had so neglected her children that they must be cared for at once. That same afternoon one of our workers was on the train going to a place in Southwest Florida where the children—the youngest is a wee baby—had been left under an old automobile top along side of the road. In less than twenty-four hours the children had been legally committed to our Society and were in our Receiving Home in Jacksonville.

Among these poor little abandoned and neglected children was little Elizabeth, nine years old, hopelessly paralyzed from her hips on down. Our surgeon tells us that she will never have the use of her limbs at all. We realized that the first need would be a wheel-chair so she could get about a little by herself. Through the *Jacksonville Journal* a brief little appeal, well written, was published one afternoon, asking for a wheel chair for little Elizabeth. Within twenty-four hours a fine chair had been taken to the home by Mrs. Lawrence of Jacksonville, and three or four others were offered that we could not accept.

The most disappointed of these good friends was Jake Rachliff, the crippled newsboy at the Postoffice corner in Jacksonville, who, immediately upon reading the story, went down to a furniture store, found a wheel chair, paid five dollars down on it to hold it and planned to secure the balance of the funds among his friends. When he was told that another good friend had "beat him to it" and that little Elizabeth already had a chair he was almost sick with disappointment. He immediately offered to turn over his fund, which amounted to exactly \$80.00, to be used to secure a nice new hat and useful clothing for little Elizabeth, the balance to be used to send Elizabeth to some good hospital school. The clothes were given to Elizabeth for Christmas and the balance of \$45.00 will be added to her school and hospital fund.

Another group of friends who immediately set out to raise funds to secure little Elizabeth a wheel chair were the clerks in the Freight Department of the Seaboard Air Line R. R., who wired at once to New York for a chair, but who later cancelled the order and have turned in the funds to Elizabeth's hospital and school fund.

The Jacksonville Rotary Club were asked as members to give as a special Christmas stunt to this fund and over five hundred dollars was gladly sent in. Other Rotary Clubs in the State were appealed to, a number of them responding at once with generous contributions, all of which goes to prove that there are plenty of big-hearted people glad to give if they can only be sure that their funds will accomplish some real good.

As this copy is written arrangements have been completed to send little Elizabeth to one of the finest hospital schools in America, where she will have the best of care and treatment from the best surgeons and specialists and where she will be given an education and training that will be invaluable to her in later years. Little Elizabeth has never seen the inside of a school, a church, or a movie, cannot read or write; but all this will come to her now. She is one of the sweetest youngsters I have ever seen, and is normal mentally and will make a mark in the world for herself yet.

Of course the fund that has been raised will provide for Elizabeth's expenses this first year, or nearly so, but we have accepted the legal responsibility for her for a life-time and eventually will need to raise thousands of dollars more for her education, care and treatment; therefore we will gladly welcome additional contributions from any source for this dear little afflicted girl.

ELIZABETH AND HER BROTHERS AND SISTERS JUST AFTER THEY CAME TO US
AND WERE CLOTHED AND BATHED.

Some Special Cases Provided for in 1922

I realize that figures do not mean anything unless they are translated into human lives and beings; therefore I trust that when you think of the 1,421 little ones that have received the aid and care of our Society during the past year and the 9,499 little ones that have been referred to us for aid and care during the past twenty years that you will really stop to think of what each one of those children and their distress would have meant if the child had been *your* child. Then you will have some real appreciation of our great work.

And now I want just to illustrate our real service to show you the pictures and tell you very briefly of just a few of the 1,421 little ones that came under our care and attention last year.

Fifteen Thousand Dollars for a Boy's Right Arm —A Little Story of a Most Unusual Service

Louis Frost came under the care of The Children's Home Society of Florida about seven years ago (a little lad of ten years then) because of the dying condition of his father and the fact that his mother had forfeited her right to him in the eyes of the law, because she had been a faithless wife and that day had brought into the world a little unwanted child born out of wedlock.

The Home Society placed him out in a good home of love and care but he wanted to be independent and care for himself, so when he became about sixteen years of age he left his kind foster parents and started out in the world for himself.

He secured a position in a saw mill. In his desire to be of service in every way that he could and not realizing the grave danger in an effort to put back a belt which had come off some running saws his right arm was severed at the elbow and one of the greatest assets of any person's life had been instantly taken from him.

His accident was called to the attention of the Children's Home Society at once, and a visitor from the Society was immediately sent to the scene of the accident to see to it that every possible care was given so that the boy's life might be saved.

Later the Society, through its attorney, brought suit against the saw mill company, because the boy had stated he had not been warned in any way of the danger of the buzz saws, etc., and the jury returned a verdict of \$15,000.00 for the boy. Of course, the lumber company appealed the case, but we have great hopes that the higher court will sustain the verdict. In the meanwhile the Society has sent the boy to a special trade school near Chicago, where his education will be completed and where he will be taught some trade by which, even with his great handicap, he will be able to earn an honest living.

The Home Society counts this a genuine service. Don't you?

A FINE LITTLE HOME SAVED FOR A GOOD LITTLE WIDOW AND CHILDREN.

The Mortgage is Lifted—A Little Story of a Real Service

Last Spring, when the sunshine of new life and hope pervaded nearly every home and life in Florida, a little widow and three little sons were facing the darkest day they had ever seen.

They were accustomed to the shadows and clouds in life, for since death had claimed the devoted father, many hard and trying days had brought grief, illness, and near starvation, but this day was all darkness—there seemed to be no light.

The little home which had almost been paid for by the hard toil of honest hands, was about to be taken away by the mortgage owner, because the last three hundred dollars could not be paid. The mother and her three sons, all suffering from tuberculosis, were that day to be torn from their little home and were to be turned out into the streets homeless, helpless, penniless, and with nothing to combat the dread disease that was somehow being conquered little by little.

A good friend of the little widow and her sons called the mother to the attention of The Children's Home Society of Florida. Within a few hours the Directors of the Society authorized the Superintendent to pay off the mortgage and to give back the little home to the brave little soul who was in such a desperate plight. The payment was made, the home was saved and the fight to conquer the dread disease seems now to be a winning one and a *real service* has been rendered.

No, you are right, The Children's Home Society of Florida is not in the business of "lifting mortgages"—our funds are too limited for that—but at least in this instance it offered a wonderful opportunity to render a real service and we accepted it. Perhaps we used some of *your* money to do it. Wouldn't you be *glad* if we had?

The Most Stubborn Case of Hook Worms We Have Ever Encountered

this case but in the case of every child that may come under our care and will leave nothing undone that can be done for each and everyone.

he has promised some day to come back a real man. Who can tell? At any rate Mother Cole has stuck to him and he to her and that will count in the long run every time.

For over two years now this little homeless lad has been under our care and during all this period our physician has done all in his power to eliminate the miserable blood-sucking hook worms from his little system—but so far without success. His little face and body are as white as snow and he is so thin and frail that we wonder if he will really pull through, but as long as there is life there is hope and just now a good osteopath friend of ours is treating the little lad and for the first time in weeks he has had a normal bowel movement and we are more hopeful. We are in the fight to win, not only in

This fine lad has been a problem ever since he came to us years ago when only eight years old. We have placed him in several good homes but he could not keep his hands off what did not belong to him and lost one home after another. Finally we sent him away to a boys' school, from which he ran away and eventually landed in the State Industrial School for Boys. Recently he was paroled on good behavior and the next day enlisted in the Army and has gone to the Philippines for Uncle Sam. Through all these years he has constantly written to our matron, Mrs. M. E. Cole, who saw the good that was in him and took the place of a real mother and

Some of our friends may remember the picture of this lad, Arthur T——, who came to us when eight years old with blood poisoning in his limb. His father and mother and all other relatives have died since he came to us, so Arthur has been homeless indeed. For *ten* years we sent him from one hospital to another, seventeen operations being performed in an effort to save his leg, which was finally amputated and replaced, as the best we could do, with an artificial limb. He had lost ten years of schooling in hospitals so we sent him to a special training

school near Chicago, where he secured an education and learned a trade. Recently I had lunch with him in Chicago, where he is employed in a big skyscraper, earning a good salary and making good in every way. He is a regular contributor to our work. Ten long years—but it was all worth while.

**Twelve Years Old—Cannot Read or Write One Word. Pitiful
Case of Fine Lad Born With Inverted Eyelashes.
Abandoned by His People, Left Helpless
and Practically Blind**

If Allen had been abandoned at twelve years of age and had been a perfectly normal, healthy boy, it wouldn't have seemed quite so bad, though it would have been bad enough at that, but any parents who would abandon a boy that they knew was practically blind and in the throes of pain every time he moved his eyes and would leave him penniless, homeless and helpless, must have been meaner than Satan himself.

Well, anyway, when we were sent for and brought him to our Home Allen was about the most pitiful object you can imagine. He had his cap pulled clear down over his eyes, for even the faintest ray of light would pain him so the water would just run out of his eyes in streams. He would lay face down in the grass at the Home and bury his face in the grass to get a little feeling of comfort.

We took him to an eye specialist at once and after a painful examination we learned that the boy's eyelashes had grown inwardly instead of outwardly and you can well imagine the inflammation and pain that finally resulted. We took him out to St. Luke's Hospital where the eye specialist performed several operations which, in due time, have resulted in Allen's being able to use his eyes with great comfort; but the pathetic part of it all is that over one eye there has grown a veil which means that Allen will never have the use of that eye though he could have had, had he only come to us earlier so that his eye could have been saved.

Now he will start to school, learn his A B C's and someday we are sure Allen will be a self-supporting worth-while boy.

What we want just now is to find some good family that will take Allen in and give him the love and care that his own parents should have given. We will not require his legal adoption but we do want a good kind family to give him a good home. Will your doors be open to Allen?

This case is a striking illustration of what it means to Florida and its children to have an agency like the Children's Home Society of Florida and good-hearted specialists who are willing to take even the most helpless and difficult cases and do all that can be done for them. *Your* support will mean a continuance of our great work.

Every now and again we have applications for children from families that are entirely out of the ordinary—families who are worthy of the finest child that ever lived. For these families every now and again we have children who come to us with a family history and other qualifications that would fill most any list of specifications and then the exceptional child and the exceptional home can be brought together—with a happy conclusion for all concerned. The little baby shown herewith was one of the exceptional babies that went out this past year to an exceptional home not far from Jacksonville and a homeless child has gone out to bless a childless home and “A Little Child Shall Lead Them.”

Florida is fortunate in not having the great problem that foreign population always brings, for so far we can still meet a majority of real Americans on the streets and elsewhere, while in the east and north one seldom sees a real American face any more and in the theatre and elsewhere you seldom hear real English spoken. Occasionally however we have a little Spanish child come under our care, as the little girlie in this picture did. Her father abused her mother so terribly that it is doubtful if she will ever be normal again and the little girlie came to us through court procedure and now we have placed her in a good home and she and the family are both very happy.

“Saved from Death” seems like an extravagant statement for any social agency, but every now and then we feel that we can honestly state that we have, so far as any human agency can make such a claim, actually saved a little child from death; for we are certain that if we had not received some of these little ones just when we did and the child had not received just the right care it would surely have died.

The little baby in the picture is one of the little ones that was saved from death. He came to us ready to die. It took weeks of devoted and persistent care and nursing to pull him through and our reward was the privilege of placing him in one of the choicest homes in all this State.

How any human being can abandon a tiny, helpless baby is beyond my comprehension, yet mothers do it every now and then. About thirty little babies were abandoned in Florida last year. Most of the mothers were young mothers—illegitimate mothers—who probably were encouraged to give up their babies by some so-called rescue or maternity home or abominable doctor,

who had accepted a fee to get rid of the child. We have one or two such homes in Florida—and several such so-called doctors. Yes, they ought to be put out of business and some day soon, if we can secure the needed legislation, they will be. In the meantime suppose you make sure you do not contribute to the support of any such home that you do not know all about.

The little baby whose picture is shown herewith was less than one day old when it was left in the woods to die and when discovered by some boys who were roaming through the woods it was nearly eaten alive with big black ants. And then it came to our home, as most of these babies do, and we secured a good home for it. But somehow fate seemed to have decided that its little life be taken for it only lived a few days and, in spite of every care, its little life passed out.

I haven't much use for any mother who will abandon a helpless babe, but I have no respect for any rescue home or maternity home that accepts young girls as maternity cases and makes it easy for them to give up their babies either. Every baby should be kept by its mother, at least through the nursing period, and in eight out of ten cases these young mothers can be persuaded to do this and keep their babies afterward. Babies are being offered for adoption, being publicly advertised by one or more of these homes in Florida and we intend to ask the legislature to stop it for it isn't right and everybody knows it.

Our Society does not conduct a rescue home but we know how it *should* be done.

Here is another little one-day-old baby, left to die, unwanted and uncared for. Some folks say that our Society should not receive such children; that it encourages illegitimacy and abandonment. What we want to ask of such people is: "What should be done with them?" Should they be permitted to starve and die by the roadside or be murdered by law? No, we cannot permit that and be civilized. The place to stop the trouble is to license the places where they are born and see to it that every mother provides for her own child. That will be done.

One of the services we render, that the people of Florida know very little about, is the temporary care of children for individuals, Juvenile Courts and other social agencies, while some permanent plan is being made for their care, or while some parent or parents are in the hospital and cannot provide for their children. We took care of ninety such children last year from periods of a few days to several months, depending on the need and nature of each case. In the case of the

three children shown herewith, we took care of the children for a Juvenile Court because of the separation of the parents and until relatives could be found to properly provide for the children. The relatives were found in a few weeks and the children committed to their care. Our service may seem rather small but it was mighty important just the same. We only regret that our facilities are so limited that we cannot do more of this special aid work.

for afflicted children,

It is an easy thing to find good homes for nice little curly-headed, three-year-old girls, or perfectly normal children of any age, but it is a real task to find homes for so few people are willing to receive them.

We are proud to state that we have found a fine good home for this little girlie—although she is nearly blind and what eyes she has are crossed—and we are proud to find a family that will give to this dear little child the love she craves and deserves.

Her own people abandoned her—just think of it—but aren't you glad that she came to us and that we did succeed in finding such a good home for her?

It is very seldom that any of our children run away from our Homes but sometimes they do. About a dozen have run away in twenty years. This little girl, bright, affectionate, attractive, full of pep and spirit, persuaded three older girls last fall to run away from the Home. They left in the night, hiked all day long, spent the three dollars she had stolen from the matron and got hungry and weary and the next night crawled up the back steps to the Home and begged to come in. Of course they were taken in and I was amazed to find that this little ten-year-old girl was the leader of the crowd.

We have recently placed her in a good home under special care and she is doing finely, so are the other girls. They just had to go out for a lark, and will turn out alright yet.

My Co-Workers

My report would be very incomplete if it did not lay special stress upon and express great appreciation for my wonderful corps of co-workers and assistants in the receiving homes and cottages, in the field and in the office; for the work of our society has gone far past the place where any one person could do very much with it alone—and I want the good people of Florida to know that I appreciate more than words can express the wonderful help and co-operation that has been given to me by these workers, without whose services our great

work would have been a failure indeed. Please turn to another page in this report and read the names of our working force and just remember that they are the ones who have done the real work. I have simply had the privilege of leadership and direction and the *fun* (?) of raising the money.

The Board of Directors and Ladies' Auxiliary

To these fine men and women I must make a real confession—a confession that without their leadership, their counsel and advice, their financial and moral support, their words of cheer and encouragement, their devoted interest, their careful supervision, their vision, the confidence they have shown in me, without all this—I must confess—I could not have had any measure of success; therefore I thank them out of a heart full of genuine gratitude.

Now for the Future

We have accomplished much during these past years, all of us together. Hundreds of little lives have been saved from utter hopelessness, homelessness, ignorance, vice, sin, degradation, disease, crime and death itself—there is no doubt of it.

We have succeeded, too, in getting better facilities for the care of our children. We have raised the standards of our service from year to year. We have a finer personnel in our working force than ever before. All this is fine and mighty encouraging, but friends, officers, directors, ladies' auxiliary, contributors, we must not stop to count too much the accomplishments of the past.

The future is the thing we need to be concerned about. What are we *going* to do? That is the important question.

We still have a greater service before us, for as the population of the State increases, naturally there will be more child problems to meet. More laws will need to be passed, more provision for the needy children of the State. Our own standards of service must be further raised. Still greater care must be used. More and more we must measure the great responsibility that is being thrust upon us as we accept hundreds of little lives and their future under our care.

There are two great needs which in our own work must be met: We need badly a training school for our older girls and boys, but older girls particularly. It is not fair for Florida to expect other states to furnish industrial training for our older Florida girls. Our Society must eventually conduct our own training school. We need it badly today. Here is a fine chance for some wealthy person to render a great service for there is no end to the opportunity for real service along this line.

Then we need badly a hospital building of our own, a place where all our isolation cases can be cared for; where all our dental work can be done; where all our minor operations such as removal of tonsils and adenoids can be performed. We need this building and trained nursing service badly and

some day, not too far off, we hope to have it. We must have it just as soon as our funds will permit.

We need a school building for our regular pupils at the Receiving Home, too. The quarters we now have are the best we have had but they are woefully inadequate and we must provide better school facilities and more teachers and a kindergarten just as soon as we can secure the funds.

We need more workers, too, in every department of our work. We must secure them as soon as our funds will permit. These are just some of the crying needs of our work. There are many lesser needs too.

We believe that our friends will consider these needs and we trust that by increased contribution some of the needs can be met this year. Will *you* help?

And now in closing, and after I have said one more word of real gratitude to everybody who has helped us in any way during the past year and years, may I not call your attention to a little poem which I heard the other day, and which is the thought that pervades my soul and life and which, I am sure, is the prayer of an increasing number of good folks everywhere?

It runs as follows:

OTHERS

Lord, help me to live from day to day
In such a self-forgetful way
That even when I kneel to pray,
My prayers may be for others.

Help me, in all the work I do,
To ever be sincere and true;
And know that all I do for you,
Must need be done for others.

Let "Self" be crucified and slain
And buried deep, and all in vain
May efforts be to rise again;
Unless to live for others.

And when my work on earth is done,
And my new work in Heaven begun,
May I forget the crown I've won
While thinking still of others.

Others, Lord, yes others,
Let that my motto be.
Help me to live for others
That I may live like thee.

Isn't that great?

—Anon.

Signed very humbly and respectfully yours,

MARCUS C. FAGG, State Supt.

Some of the Little "Fellers" That Were Placed in Good Homes
Last Year

252 of the 1,421 children that were aided by our Society last year were between three and six years of age. As a usual thing we have little trouble finding good homes for children of these ages, but we have a house full of them just now, boys and girls too; therefore if you are contemplating taking a child of these ages into your home, now is the time to apply for one. Won't you write us about it today while it is in your mind, please?

N. B.—The Officers, Directors and Ladies' Auxiliary, their families and business firms of which they are the executives, gave to our Society exactly \$3370.75 last year, or one thirtieth of the entire year's budget in addition to an endless lot of time, effort, thought and direction.

Some of Our Children Are Mentally Afflicted

For these unfortunate children we are glad to be able to secure special care and training through the Florida Farm Colony, at Gainesville, Fla. The Children's Home Society of Florida worked diligently through many years to secure the appropriation by the legislature for this State Institution and was rejoiced that finally the legislature made the appropriation and the Institution was opened for service something over a year ago. It is meeting a great need in our State.

One of the Crying Needs of Florida is a State Hospital and School for Crippled Children

Until that need is met by the State, our Society will continue to render all the service it can, with the funds at our command, to the little crippled youngsters that may, from time to time, come under our care. In most cases it is a long, tedious and expensive service, but it must be done and the one regret we have is that we cannot care for all who need us.

To the left are two crippled boys who have been under our care for over two years with tuberculosis of the knee. They are about to be cured and soon will be running and skipping about as normal boys should.

To the right is a fine little fellow who came to us a wee baby with double club feet. For two years we have given him every care and secured for him special operations through Dr. Knox Simpson free of charge, as we have the boys to the left, and have recently placed this fine little lad perfectly normal now in a fine family home of love and care.

N. B.—Sometimes folks write in and say something about our salaries, as if they felt that we were paying our workers too much. The average salary paid our corps of workers is \$95.22 per month. Does that seem too much to pay trained workers giving their very lives to Florida's children in need? Any ordinary day laborer in Florida gets that much, and carpenters, plumbers, masons, etc., get two or three times as much. Are childrens' lives less important than buildings?

N. B.—We feel sure that there can be no finer or more devoted group of workers anywhere on earth. Our workers realize that we are working with and for precious little human souls, and no effort is too great nor any sacrifice too large to be made for the sake of Florida's little ones in need.

"To help a boy or girl is the greatest thing in the world. At one and the same time you are helping not only the child, but the man or woman; the community; the whole world—and yourself."

"There is nothing in all the world so important as children, nothing so interesting. If you wish to be of any real use in the world, do something for children."—David Starr Jordan.

A Few of the Fine Lads Who Were Placed in Good Homes by
Our Society Last Year

There can be no finer service in all the world than to give a good home to a homeless or orphan child. Our greatest need just now is good homes for boys. We have them of all sizes and ages and plead for good homes for them right now in order that we may make room for others to come in. Won't you provide a good home for one or more?

Contributing Factors to Our Success for the Past Twenty Years, for We Surely Have Been Successful and Wonderfully Blessed

Some special appreciations for the past twenty years.

In the first place we have been made to feel that our work surely has been and is God's own work, for otherwise the work would not have been so signally and continuously blessed and successful. For His love and care and bountiful blessings then we pay our first tribute of praise, and at the same time we pray for His continued blessings, guidance and spirit, for otherwise we cannot go forward to greater success in the future.

In the second place we must pay a great tribute of praise and gratitude for our constantly increasing company of friends, who, as individuals, or through business firms, churches, Sunday schools, lodges, schools, young people's societies, women's clubs, ladies' aid societies, civic clubs or other clubs or organizations or societies of any kind, have given the funds that have made it possible for us to render a real service to the 9,499 little homeless orphans and needy children that have come under our care and attention during the twenty years.

If you want to see who these friends of last year were, turn to the list of thousands of contributors in the rear of this report. If your name or the name of your school, church, lodge, club, or organization is not there you can put it there next time. It is up to you, and we surely need your help, for the only limit to the good we can do is the money to do with. Over four thousand new contributors were added last year. Isn't that a wonderful vote of confidence in our work?

The third great blessing that we are grateful for are the fine men and women who, through all these years, have directed our great work and who not only have given an endless amount of time to the direction of the work, but who have given a very large portion of our income throughout the years. Without the wise and judicious direction of our work and the careful expenditure of our funds we could not have gained the confidence of this entire State as we have.

Right along with these men and women we want to mention the devotion, the efficiency, the loyalty and the hard, continuous and persistent efforts of the staff of workers, who now number more than thirty, without whose daily services the 9,499 little ones could not have been cared for. We have had and do have a corps of workers that will compare favorably with the best in the land and they deserve no small portion of credit for the success of our work.

Then we must make special mention of the perfectly wonderful support which we have received from the newspapers of the State, for we realize very clearly that except for the wonderful publicity and the helpful editorial support and free advertising that we have had, the people of the State could not have known of our work and without knowledge there would be no support. We shall endeavor to prove worthy of the continued support of the press of our State.

Twenty-three Older Girls and Boys, Eager and Ambitious for an Education, Were Sent to Special Training Schools Last Year

And thirty-four others were continued in special schools who had been sent in previous years. It costs our Society two and three hundred dollars a year to give this educational training opportunity to these older girls and boys, but we believe the money is used to the greatest possible advantage, for, aside from good health, nothing in life means so much to any of us as practical education. The girls in the picture herewith were sent to special schools last year. The girl in the center plans to be a missionary. Fine — isn't it?

To the good friends who have contributed daily our bread, ice, meats, fish, transportation, photographs, barber work, dental services, medical and surgical services, mental studies, hospital care, sewing and mending, provisions, food, clothing, fruits, vegetables, canned goods, toys, parties and movies for our children, legal aid, auditing of accounts, special rates on light, water, fuel, telephone, medicines and supplies, free taxes, discounts and rebates, or who, in any manner, have assisted us in our work, we owe a very great debt of gratitude—for, after all, it is the combination of these services and donations that has made our twenty years of service possible and we gladly admit it.

A Few Unusual Cases in Twenty Years

Of course we cannot begin to tell the stories of each of the 9,499 little ones that have received our aid, care and attention during the past twenty years for it would take that many pages of our report to do it and even then we could only scratch the surface, but we can recall about twenty most unusual cases and just mention them as indicative of the service we have rendered to every one of the 9,499 others.

Isabel Strickland came to Children's Home Society hopelessly crippled—now a teacher in New York City.

Winnie Walker came to Children's Home Society hopelessly crippled—now a teacher in Florida.

Mack Taylor came to Children's Home Society emaciated and almost dead—now a husky lad in West Florida.

Lena Quay came to Children's Home Society apparently hopelessly blind—now sees perfectly and doing fine.

Vadas Long came to Children's Home Society practically unable to see—now sees perfectly and doing fine.

Ola Green came to Children's Home Society blind, feeble-minded, hair all eaten off with vermin—now in State institution after years of care and education under supervision of Children's Home Society before the State had any provision for such cases.

Three little Polish children, parents both killed in runaway, relatives found away up in Boston—children now doing well there.

George Wells, born with one arm, came to Children's Home Society hopeless—now in fine home doing well.

Brown family, man paralyzed hopelessly, little home to be taken away by mortgage owner, family to be turned out into the street. Children's Home Society paid mortgage of nearly \$500.00 and saved the home.

Mary Bailey, born without urinary organs, sent at cost of nearly \$1,000.00 to Johns-Hopkins Hospital in Baltimore for operation by most skilled specialist in United States.

Henry Hill, eleven years old, blind, dumb, paralyzed completely, no other institution in Florida would receive him—cared for till death by Children's Home Society.

148 Babies Under Two Years of Age Came Under Our Care Last Year, Three of Them Only One Day Old

Here are pictures of a dozen of these babies, every one of whom, together with scores of others, came to us homeless and helpless but are now in good homes in the arms of childless mothers who were eager to receive them and give them the loving care that God intended they should have. How about taking one into your home?

Arthur Thigpen, eight years old, an orphan, sent to four best hospitals in United States to save limb which was poisoned; given seventeen operations, limb finally amputated, artificial limb secured, boy sent to training school near Chicago, taught printers' trade—now self-supporting and a contributor to our work. •

John Monroe, little club foot baby, double club feet; special operations secured, cared for by Children's Home Society nearly two years—recently placed in wonderful family home.

Moulton family, mother and three boys dying of tuberculosis, father had already died; mortgage owner about to turn whole family into street; Children's Home Society paid \$300.00 mortgage, gave widow the little home, medical aid secured—all doing well now.

Sanford Colson and Albert Sparkman, both boys afflicted with tuberculosis of the knee, have been operated on several times; special braces and crutches provided; boys cared for over two years—cure to be effected soon, no doubt of it.

Elizabeth Hobbs, nine years old, hopelessly paralyzed from hips on down; no other institution in Florida to receive her. Children's Home Society accepted her, has raised \$1,000.00 to send her to finest hospital school in America—now under our care.

Dorothy Strothers, seven years old; bones of both legs bent almost double because of inherited venereal disease; taken from immoral mother, placed under care of eminent surgeon; several replacements of bone before legs were finally saved—now runs and jumps as a normal child.

These, friends, are just samples of the service we have rendered to 9,499 little homeless, orphan, neglected and afflicted children from unborn babes to boys and girls of 16 years from every city, town and hamlet in the State of Florida, regardless of their need and regardless of their creed, just as far as our funds would permit.

Don't *you* want to help us continue so great a service? We can only go forward as we have the funds to go forward with.

Your help is needed right now. Won't you send it ere you forget?

"Whoso loves a child loves not himself but God;
whoso delights a child labours with God in His
workshop of the world of hearts; whoso helps a
child brings the Kingdom of God; whoso saves a
child from the fingers of evil sits in the seat with
the builders of cities and the procurers of peace."

—Norman Duncan

The Homes We Select With the Greatest Care Are the Homes for Our Older Girls

We have been very fortunate in finding just the right homes for all the girls whose pictures you see above and many others this past year. Homes of love, care and education. Homes where the girls are taught to be industrious but not made to be and treated as servants. Homes where the mother realizes the great responsibilities that come with girls just entering into their teens. We are glad for such homes always.

We have under our care right now, in our West Florida Home at Pensacola and at Jacksonville, some of these older girls, some of them problem girls, for whom we are earnestly seeking just the right kind of homes. Some of these girls are shown in the pictures below. Have you the patience and love and devotion to take one or more of these older girls into your home?

"The birthright of every child is to have a loving pair of arms about its neck."

"It is wiser and less expensive to save children, and make decent citizens of them, than to punish criminals."

We are born to be grouped together and brooded by love, and reared day by day in that first of churches, the family.—Henry Ward Beecher.

He who gives a child a treat
Makes joy-bells ring in Heaven's street;
And he who gives a child a home
Builds palaces in Kingdom Come.

—John Masfield.

"Build up the nation's most valuable resource—the children."

"This is war work, of which the vital importance is recognized by Secretary Baker, the Council of National Defense, etc."

"When you save a man or woman, you save a unit; but when you save a boy or girl, you save a whole multiplication table."

"Childhood is the battleground where victories against poverty, disease and crime count most."

To Our Contributors

The following report for the year 1922 bears out the confidence I expressed in presenting the report for 1921.

I am very happy indeed to state that more than four thousand new contributions were made during 1922, bringing our total contributions to over eighteen thousand.

I have no words that will express the depth of my appreciation for this wonderful evidence of the noble generosity of the good people of Florida and elsewhere who have so freely contributed to the needs, health, happiness and future development of so many unfortunate little ones. I can only repeat what I said to you last year: "That if you knew of every phase and every detail of this work, of its efficiency, of the capability and loyalty of each one of our workers and especially the fact, as I know it, that *every penny contributed* is judiciously and economically spent for the direct benefit of the little ones for whom it is intended, and that our great work is only limited by our resources, you would only regret that you could not do more."

We are now better equipped and better organized to do this great work than ever before, and with your continued help we should do yet a greater work in 1923.

I am, with sincere thanks, Sincerely yours, R. V. COVINGTON,

Treasurer.

Treasurer's Report for the Year of 1922

* This amount will only carry our 1923 work until April first. When you receive this report your immediate aid will be needed badly.

N. B.—All accounts verified and audited every six months by Mucklow and Ford, Certified Public Accountants.

The Widow's Mite

A copy of the original painting owned by Miss Addie L. Stewart, of Arlington, Florida, who permitted us to use it and which has been the means of raising a lot of money for us.

If we could only impress upon every man, woman and child in Florida the fact that if each person in Florida would only do "what they could," as this poor widow in the Bible times did, we would never want for funds in our work.

If you can only give ten cents a month or ten cents a year—send it. Every dime and every dollar will help a whole pile.

If each person in Florida who could do so, would send us just one penny a day, it would give us all the money we would need to provide for every needy child in Florida.

The widow in Bible lore has been known all through the ages, not because she gave a large amount—no indeed, but because "she gave what she could."

The Children's Home Society of Florida

Never Before Have We Had as Many Bunches of Children

During the past year we have had referred to us for aid and care:

24	groups	of	four	children	each	were	reported	from	24	different	families
15	"	"	five	"	"	"	"	"	15	"	"
5	"	"	six	"	"	"	"	"	6	"	"
5	"	"	seven	"	"	"	"	"	5	"	"
1	"	"	nine	"	"	"	"	"	1	"	"
1	"	"	ten	"	"	"	"	"	1	"	"

We have just placed four brothers and sisters in one fine family home and placed another group of four last Spring. We have two groups of four each right now that we dread to think of separating. One is a group of four boys, the other a group of four girls. Who will take a quartette for us?

Treasurer, West Florida Branch.

Four Trios of Trios and a Pair of Twins, All Eager to Be Placed Together in Good Homes

We have never separated a pair of twins in our twenty years of service—and we never intend to if it can possibly be avoided.

We dread to separate any groups of children from one family and desire to make an urgent appeal for these four trios of trios and this fine pair of twin sisters. Each group declares that they cannot stand to even think of being separated and no one can blame them. We won't need to separate them if *you* will take a pair or a trio. What do you say?

Three Immediate Needs

We desire to call the attention of **every** reader of this report to **three immediate needs** in our work as this report finally goes to press, May 10th, 1923.

The first is more money to continue our great work. Our receipts for April, 1923, were over five thousand dollars **less** than our absolutely necessary expenses, the largest deficit we have ever had in any one month.

So please send in your 1923 donation today and help us stem the tide of an overwhelming deficit.

The second is more good homes for our homeless children. Our Receiving Homes in Jacksonville and Pensacola are filled to overflowing with boys and girls of all ages, for whom we plead for good homes of love and care. Won't **your** home be one to take a child or two for us?

The third is summer clothing, of all kinds and sizes, particularly for older boys and girls, boys' and girls' **shoes**, night garments, boys' suits and waists and trousers. We can use any amount of vegetables, meats, canned goods and provisions, too. Please help us fill these three great and immediate needs.

Hopefully yours,

MARCUS C. FAGG,

State Supt.

This picture will give our friends some idea of the very pretty and home-like homes which compose our Receiving Home plant in Jacksonville. We have a total frontage of 440 feet on Riverside Avenue, one of Jacksonville's fine residence avenues, one lot running through to Saint Johns Avenue. The property is all paid for, practically all of the funds coming to our Society through our Board of Directors, The Ladies' Auxiliary and their friends, through The Rotary Club of Jacksonville, through special bequests, from school children, etc. The general public has never been asked to give or raise

any money for the purchase of property, all of the public's funds being used directly in the care of homeless and needy children. Recently, in the purchase of the two new brick residences (at either end of the picture) the Society saved the people of Florida about \$75,000.00, as the original plan was to build a new Receiving Home at a cost of about \$125,000.00, the new residences and all improvements and equipment costing less than \$50,000.00. We feel that we now have the most homelike and desirable Receiving Home property in all the land. Come and see it soon.

FLARE

Rev. F. M. Gregg

HOMELESS, friendless, helpless children,
 Needing most a mother's care,
 Won't you look upon with pity?
 Let them in thy blessings share?

Childless homes and homeless children,
 Each can other's wants supply,
 Separation—sad delusion!
 By which homes and children die.

Open every child asylum,
 Set the little captives free;
 Give them homes and loving mothers,
 Homes of laughter, song and glee.

Give thy mite, give golden treasure
 Freely as to child thine own;
 Give thine heart in loving measure,
 Help a child to find a home.

There is nothing in all the world so important as little children; nothing so interesting. If ever you wish to go in for philanthropy, if ever you wish to be of any use in the world, do something for little children. If ever you yearn to be truly wise, study children. We can dress the sore, bandage the wound, imprison the criminal, heal the sick and bury the dead, but there is always a chance that we can save the child. If the great army of philanthropists ever exterminate sin and pestilence, ever work out the race's salvation, it will be because a little child has led them.

—David Starr Jordan.

Frances Hodgson Burnett has said:

"One generation, one entire generation of all the world of children, understood as they should be, loved as they ask to be, and developed as they might be, would more than bring the millenium."

No one is useless in this world who lightens the burden of it to anyone else.

—DICKENS
